

2021 IMPACT REPORT

Mental Health America of Northeast Indiana faced some challenging times in 2021, but we never lost sight of our mission to promote the mental and emotional health of our community. We are proud to report that we impacted 10,027 of your neighbors last year. That's 10,000 people who know more about mental health, feel better supported through their own mental health challenges, and are protected from neglect and abuse by our dutiful guardians. Thank you for your support in 2021 - without you, nothing we do would be possible!

2021 BY THE NUMBERS

1,234

community members and professionals received high quality mental health trainings.

8,240

teachers, students, and parents received education and support through school-based services

405

community members overcoming mental health challenges participated in Peer Support courses and groups

18

women with chronic conditions had a safe place to call home at Cedars Hope

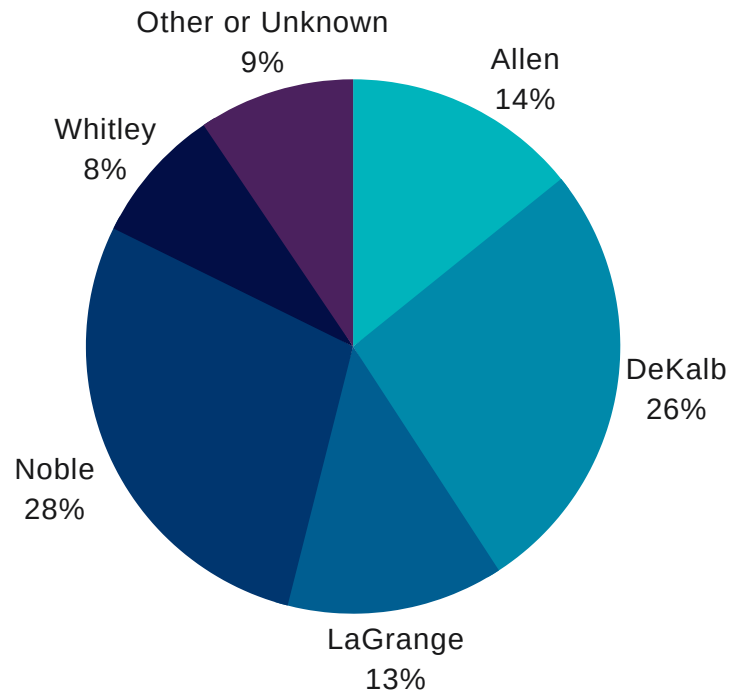

130

senior adults and adults with disabilities were protected by dedicated professional guardians

SERVICE BY COUNTY

We reached people throughout Northeast Indiana and beyond. Mental Health America of Northeast Indiana serves 11 counties through mental health education and advocacy.

**Adams, Huntington, Kosciusko, Steuben, Wabash, and Wells each constitute less than 1% of individuals served and were therefore removed from the chart.*
