An intersection of art and mental health.

The 6th-annual **Art of Hope** exhibit facilitates connection through the healing power of art. Beginning November 14th, this event features local artists of all ages, skills, and backgrounds who use the creative process as a tool for mental and emotional well-being. Local artists have shared 250+ works with our community over the lifetime of Art of Hope.

Art of Hope not only exhibits artwork; it also highlights the story behind the art. Artists share accounts of their mental wellness journeys as accompaniments to their pieces. Their stories of struggle and triumph have touched many. Your sponsorship makes these moments possible for another year.
